OVERVIEW

On 21 and 23 of April, windstorms were reported in the communities Tsangaya and Kakuma of the Wards Miya West and Kubi East, both located in Ganjuwa LGA of Bauchi State. The windstorms affected a total of 890 individuals from 125 households. As a result of the windstorms, one person was injured and over 95 houses were damaged.

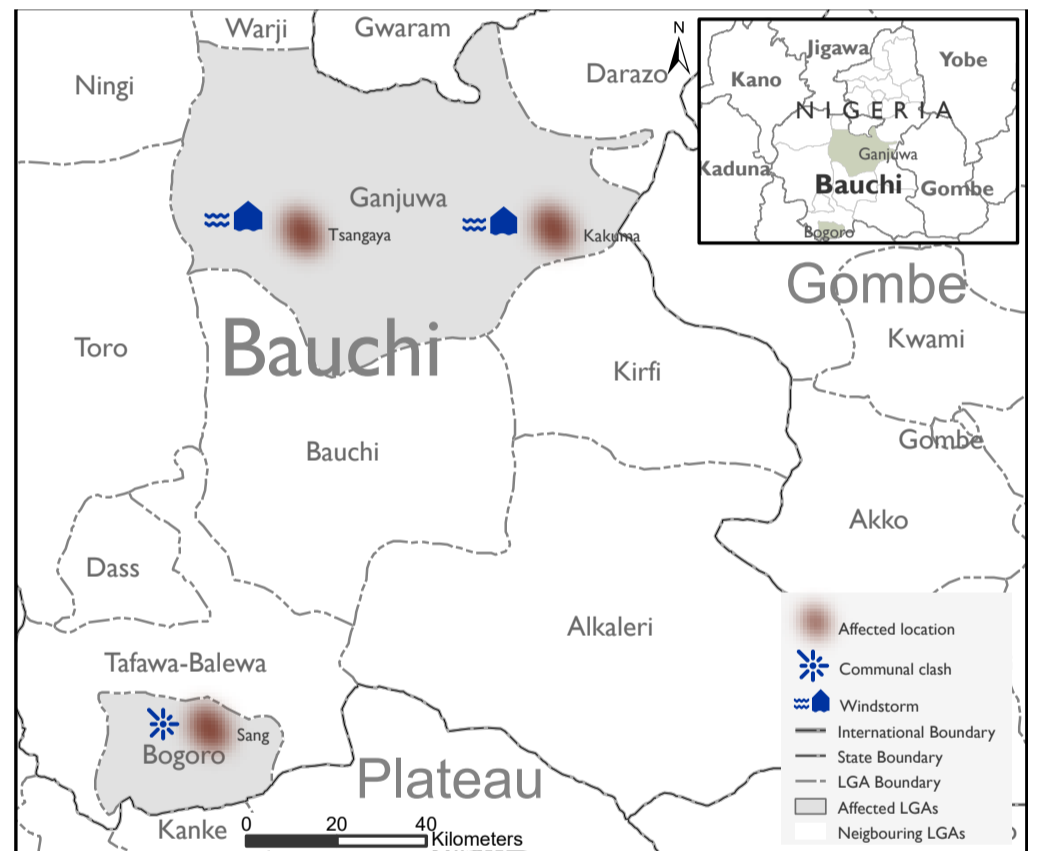

On 19 April, a communal clash was reported in community of Sang, located in Bogoro A Ward of Bogoro LGA in Bauchi State. It was reported that irate youth opposed the installation of the new village head. An estimated 213 individuals from 36 households were affected by the clash and were displaced within the Sang community. One life was lost as a result of the clash.

Following these events, DTM (Displacement Tracking Matrix) field staff conducted rapid assessments to inform the humanitarian community and Government/partners, and to enable a targeted response. Flash reports utilise direct observation and a broad network of key informants to gather representative data and collect information on the number, profile, and immediate needs of affected populations.

NEEDS

The priority needs of the affected population were shelter, NFIs, health related services, food and WASH. The affected population in Sang community specified that the provision of security, food and shelter were their major needs.

AFFECTED LOCATIONS

The maps in this report are for illustration purposes only. The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM
