

Survey Date: 2019-04-05

Site Location: -19.176622, 34.211142

Site Information		57 Households	572 Individuals
Site ID:	MOZ_S040		
Site Classification:	Spontaneous		
Site type:	School		
Site Opening Date:	15-Mar-19		
Expected period of displacement:	More than 3 months		
District (site Location):	Cidade Da Beira		
Is the site safe and secure?	Yes		
Administrative Post (site location):	Cidade Da Beira		
	Is there a Site Management Committee at the site?	Yes	
	Is the Site Management Committee made up of community members?	None	
	What type of organization is managing the site?	None	
	Is there a Site Management Agency at the site?	Yes	
	Is there a service provider contact list?	None	
	Is the site easily accessible?	Yes	

NEEDS

First most urgent need:	Food
Second most urgent need:	Medicines
Third most urgent need:	Shelters

VULNERABILITIES

Number of pregnant women:	9	Number of persons with chronic diseases / serious medical conditions:	0	Number of separated children:	220
Number of breastfeeding mothers:	0	Number of child-headed households:	0	Number of orphaned children:	0
Number of persons with physical disabilities:	7	Number of elderly persons:	0	Number of single-female-headed households:	220
Number of persons with mental disabilities:	2			Number of single-male-headed households:	54

SHELTER

Top one NFI need not accessible to IDPs:	Shoes and clothes
Top two NFI need not accessible to IDPs:	Items for sleeping (mats, blankets,..)
Top three NFI need not accessible to IDPs:	Cooking items (pots/pans)

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	100%
How people get access to the market?	Walking
Can people buy what they need at the market?	Yes
Reason why most people cannot buy what they need at the market:	N/A

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	75%
Percentage of IDP children(6 - 12 years old) attending school:	75%
Percentage of IDP children(13 - 17years old) attending school:	75%

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

WASH

Main source of drinking water:	Water sources from FIPAG
Percentage of IDPs who have enough drinking water:	100%
Percentage of IDPs who have access to functioning bathing/shower facilities:	100%
Percentage of IDPs living in areas where open defecation is visible:	0%
Percentage of IDPs living in areas where garbage is visible:	50%
Primary type of sanitation facilities:	Flush to pit latrine

HEALTH

Distance from the nearest health facility:	Do not know/No answer
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	Yes
Is there adequate lighting in the majority of communal points?	No

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

Site Classification:	Spontaneous			Is the Site Management Committee made up of community members?	None
Site type:	School			What type of organization is managing the site?	None
Site Opening Date:	15-Mar-19			Is there a Site Management Agency at the site?	Yes
Expected period of displacement:	Less than 1 week			Is there a service provider contact list?	None
District (site Location):	Cidade Da Beira			Is the site easily accessible?	Yes
Is the site safe and secure?	Yes				
Administrative Post (site location):	Cidade Da Beira				

NEEDS

First most urgent need:	Food
Second most urgent need:	Medicines
Third most urgent need:	House

VULNERABILITIES

Number of pregnant women:	0	Number of persons with chronic diseases / serious medical conditions:	0	Number of separated children:	2
Number of breastfeeding mothers:	2	Number of child-headed households:	0	Number of orphaned children:	0
Number of persons with physical disabilities:	0	Number of elderly persons:	0	Number of single-female-headed households:	2
Number of persons with mental disabilities:	0			Number of single-male-headed households:	2

SHELTER

Top one NFI need not accessible to IDPs:	Shoes and clothes
Top two NFI need not accessible to IDPs:	Cooking stoves
Top three NFI need not accessible to IDPs:	Hygiene products (for personal hygiene)

WASH

Main source of drinking water:	Water sources from FIPAG
Percentage of IDPs who have enough drinking water:	100%
Percentage of IDPs who have access to functioning bathing/shower facilities:	100%
Percentage of IDPs living in areas where open defecation is visible:	0%
Percentage of IDPs living in areas where garbage is visible:	25%
Primary type of sanitation facilities:	Flush to septic tank

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	50%
How people get access to the market?	Walking
Can people buy what they need at the market?	No
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

HEALTH

Distance from the nearest health facility:	More than 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	No

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	0%
Percentage of IDP children(6 - 12 years old) attending school:	0%
Percentage of IDP children(13 - 17years old) attending school:	0%

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	-------------------------

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	Yes
Is there adequate lighting in the majority of communal points?	No

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

Site ID:	MOZ_S001			Is there a Site Management Committee at the site?	No Answer
Site Classification:	Spontaneous			Is the Site Management Committee made up of community members?	None
Site type:	School			What type of organization is managing the site?	None
Site Opening Date:	15-Mar-19			Is there a Site Management Agency at the site?	Yes
Expected period of displacement:	Between 1 and 3 months			Is there a service provider contact list?	None
District (site Location):	Cidade Da Beira			Is the site easily accessible?	Yes
Is the site safe and secure?	Yes				
Administrative Post (site location):	Cidade Da Beira				

NEEDS

First most urgent need:	Food
Second most urgent need:	Building material
Third most urgent need:	Water

VULNERABILITIES

Number of pregnant women:	0	Number of persons with chronic diseases / serious medical conditions:	0	Number of separated children:	2
Number of breastfeeding mothers:	6	Number of child-headed households:	0	Number of orphaned children:	3
Number of persons with physical disabilities:	5	Number of elderly persons:	0	Number of single-female-headed households:	2
Number of persons with mental disabilities:	0			Number of single-male-headed households:	0

SHELTER

Top one NFI need not accessible to IDPs:	Shoes and clothes
Top two NFI need not accessible to IDPs:	Items for sleeping (mats, blankets,..)
Top three NFI need not accessible to IDPs:	Cooking items (pots/pans)

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	75%
How people get access to the market?	Public transportation (Bus, Van, Taxi....)
Can people buy what they need at the market?	No
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	75%
Percentage of IDP children(6 - 12 years old) attending school:	100%
Percentage of IDP children(13 - 17years old) attending school:	100%

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

WASH

Main source of drinking water:	Water sources from FIPAG
Percentage of IDPs who have enough drinking water:	Do not know/No answer
Percentage of IDPs who have access to functioning bathing/shower facilities:	Do not know/No answer
Percentage of IDPs living in areas where open defecation is visible:	100%
Percentage of IDPs living in areas where garbage is visible:	100%
Primary type of sanitation facilities:	Flush to pit latrine

HEALTH

Distance from the nearest health facility:	More than 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	Yes

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

District (site Location):	Cidade Da Beira			Is the site easily accessible?	Yes
Is the site safe and secure?	Yes				
Administrative Post (site location):	Cidade Da Beira				

NEEDS

First most urgent need:	Food
Second most urgent need:	Shelters
Third most urgent need:	Clothes

VULNERABILITIES

Number of pregnant women:	3	Number of persons with chronic diseases / serious medical conditions:	0	Number of separated children:	3
Number of breastfeeding mothers:	5	Number of child-headed households:	0	Number of orphaned children:	1
Number of persons with physical disabilities:	0	Number of elderly persons:	1	Number of single-female-headed households:	3
Number of persons with mental disabilities:	1			Number of single-male-headed households:	2

SHELTER

Top one NFI need not accessible to IDPs:	Mosquito nets
Top two NFI need not accessible to IDPs:	Hygiene products (for personal hygiene)
Top three NFI need not accessible to IDPs:	Soap/detergent for washing clothes
Percentage of Households who had less than 3 meals per day in the past week:	25%
How people get access to the market?	Walking
Can people buy what they need at the market?	Not most people
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

FOOD

WASH

Main source of drinking water:	Tube well/Borehole
Percentage of IDPs who have enough drinking water:	100%
Percentage of IDPs who have access to functioning bathing/shower facilities:	100%
Percentage of IDPs living in areas where open defecation is visible:	0%
Percentage of IDPs living in areas where garbage is visible:	0%
Primary type of sanitation facilities:	Hanging toilet / hanging latrine

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	75%
Percentage of IDP children(6 - 12 years old) attending school:	0%
Percentage of IDP children(13 - 17years old) attending school:	25%

HEALTH

Distance from the nearest health facility:	Up to 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	No

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

Top one NFI need not accessible to IDPs:	Shoes and clothes
Top two NFI need not accessible to IDPs:	Mosquito nets
Top three NFI need not accessible to IDPs:	Items for sleeping (mats, blankets,..)

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	75%
How people get access to the market?	Walking
Can people buy what they need at the market?	No
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	75%
Percentage of IDP children(6 - 12 years old) attending school:	75%
Percentage of IDP children(13 - 17years old) attending school:	75%

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

WASH

Main source of drinking water:	Water sources from FIPAG
Percentage of IDPs who have enough drinking water:	75%
Percentage of IDPs who have access to functioning bathing/shower facilities:	25%
Percentage of IDPs living in areas where open defecation is visible:	50%
Percentage of IDPs living in areas where garbage is visible:	50%
Primary type of sanitation facilities:	Pit latrine with slab

HEALTH

Distance from the nearest health facility:	There is no reachable health facility
Main reason preventing IDPs from accessing healthcare services:	No medicines available in healthcare center
Female healthcare workers available at the health facility:	Only sometimes/Part of the time

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	Yes

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

WASH

Main source of drinking water:	Tube well/Borehole
Percentage of IDPs who have enough drinking water:	100%
Percentage of IDPs who have access to functioning bathing/shower facilities:	75%
Percentage of IDPs living in areas where open defecation is visible:	0%
Percentage of IDPs living in areas where garbage is visible:	25%
Primary type of sanitation facilities:	Pit latrine with slab

HEALTH

Distance from the nearest health facility:	Up to 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Only sometimes/Part of the time

PROTECTION

Is there security provided?	Yes
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	No

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!

Survey Date: 2019-04-10

Site Location: -19.100714, 33.850084

Site Information		26 Households	116 Individuals
Site ID:	MOZ_S069		
Site Classification:	Spontaneous		
Site type:	School		
Site Opening Date:	2019-03-15		
Expected period of displacement:	Between 1 and 3 months		
District (site Location):	Gondola		
Is the site safe and secure?	Yes		
Administrative Post (site location):	Amatongas		
	Is there a Site Management Committee at the site?	No	
	Is the Site Management Committee made up of community members?	None	
	What type of organization is managing the site?	None	
	Is there a Site Management Agency at the site?	No	
	Is there a service provider contact list?	None	
	Is the site easily accessible?	Yes	

NEEDS

First most urgent need:	Food
Second most urgent need:	Construction material
Third most urgent need:	School

VULNERABILITIES

Number of pregnant women:	1	Number of persons with chronic diseases / serious medical conditions:	3	Number of separated children:	6
Number of breastfeeding mothers:	3	Number of child-headed households:	0	Number of orphaned children:	7
Number of persons with physical disabilities:	8	Number of elderly persons:	7	Number of single-female-headed households:	6
Number of persons with mental disabilities:	0			Number of single-male-headed households:	0

SHELTER

Top one NFI need not accessible to IDPs:	Cooking items (pots/pans)
Top two NFI need not accessible to IDPs:	Closed containers to transport and /or store water
Top three NFI need not accessible to IDPs:	Shoes and clothes

FOOD

Percentage of Households who had less than 3 meals per day in the past week:	50%
How people get access to the market?	Walking
Can people buy what they need at the market?	No
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	0%
Percentage of IDP children(6 - 12 years old) attending school:	0%
Percentage of IDP children(13 - 17years old) attending school:	100%

Site Opening Date:	2019-03-16		
Expected period of displacement:	Between 1 and 3 months		
District (site Location):	Gondola		
Is the site safe and secure?	Yes		
Administrative Post (site location):	Inchope		
	Is there a Site Management Committee at the site?	No	
	Is the Site Management Committee made up of community members?	None	
	What type of organization is managing the site?	None	
	Is there a Site Management Agency at the site?	Yes	
	Is there a service provider contact list?	None	
	Is the site easily accessible?	Yes	

NEEDS

First most urgent need:	Food
Second most urgent need:	Construction material
Third most urgent need:	Clothes

VULNERABILITIES

Number of pregnant women:	1	Number of persons with chronic diseases / serious medical conditions:	0	Number of separated children:	0
Number of breastfeeding mothers:	0	Number of child-headed households:	0	Number of orphaned children:	3
Number of persons with physical disabilities:	2	Number of elderly persons:	2	Number of single-female-headed households:	0
Number of persons with mental disabilities:	0			Number of single-male-headed households:	3

SHELTER

Top one NFI need not accessible to IDPs:	Cooking items (pots/pans)
Top two NFI need not accessible to IDPs:	Mosquito nets
Top three NFI need not accessible to IDPs:	Soap/detergent for washing clothes
Percentage of Households who had less than 3 meals per day in the past week:	25%
How people get access to the market?	Walking
Can people buy what they need at the market?	Not most people
Reason why most people cannot buy what they need at the market:	Do not have enough money/Prices are too high

FOOD

WASH

Main source of drinking water:	Tube well/Borehole
Percentage of IDPs who have enough drinking water:	50%
Percentage of IDPs who have access to functioning bathing/shower facilities:	100%
Percentage of IDPs living in areas where open defecation is visible:	0%
Percentage of IDPs living in areas where garbage is visible:	0%
Primary type of sanitation facilities:	Pit latrine without slab / open pit

EDUCATION

Percentage of IDP children(3 - 5 years old) attending school:	0%
Percentage of IDP children(6 - 12 years old) attending school:	50%
Percentage of IDP children(13 - 17years old) attending school:	100%

HEALTH

Distance from the nearest health facility:	Up to 30 minutes
Main reason preventing IDPs from accessing healthcare services:	Nothing is preventing people
Female healthcare workers available at the health facility:	Yes

RETURN

What is preventing the largest IDP group from returning home?	House damaged/destroyed
---------------------------------------------------------------	--------------------------------

PROTECTION

Is there security provided?	No
Is there a threat of eviction?	No
Is there adequate lighting in the majority of communal points?	No

Please note that data on demographic and vulnerability are still partially available and DTM Team is working to improve it for the next coming round!
