

**650**  
Individuals

arriving at different locations within the reporting period (3rd July 2023)

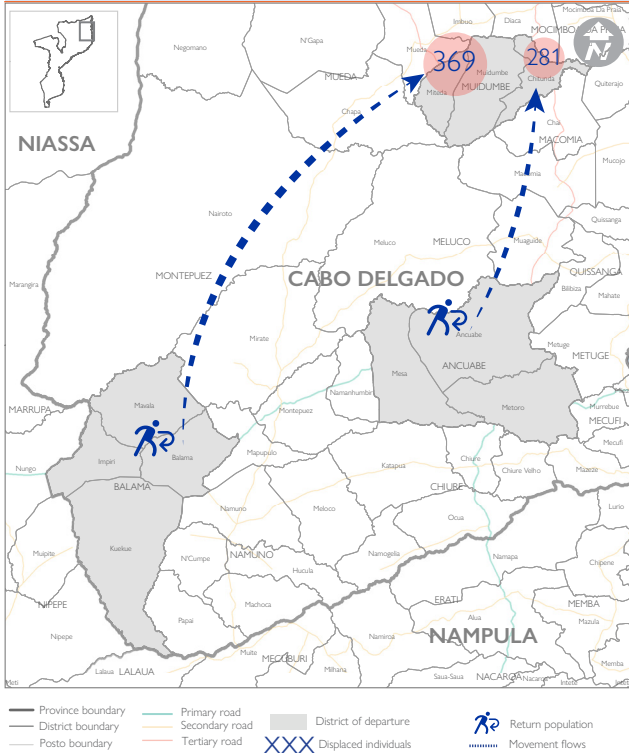

**136**  
Households

Trigger:  
Intended return

Means of transportation:  
Buses

Intended return movements to places of origin from Balama and Ancuabe districts (sede) from July 3rd triggered **650** individual departures from Balama and Namuno to Muidumbe (Chitunda and Miengueleua) district. An estimate of **116** Intended returning persons were identified with vulnerabilities. Within this reporting period, all of the recorded movements were displaced for the second time.

Movements in the region continue to be dynamic between host and displaced communities. The objective of the Emergency Tracking Tool (ETT) - Movement Alert is to collect information on large and sudden population movements, and to provide support to the humanitarian response partners by disseminating data on IDPs to support effective humanitarian response to the affected population. Information is collected through key informants interviews or direct observation. This alert provides basic information on displacements, and additional information can be shared upon request.

**DEFINITION OF TERMINOLOGIES**

To capture the dynamic characteristics of migration, the ETT categorizes 4 types of movement flows: arrivals, departures and transits and returns. Each category is dependent on the recorded triggers of movement, duration of movement as well as movement intentions.

- ARRIVALS:** Individuals arriving at the point of assessment with intentions to stay more than 1 month in current location.
- TRANSITS:** Individuals arriving at the point of assessment, with an intention to spend less than one month at current location.
- DEPARTURES:** Individuals leaving the point of assessment to another location.
- RETURNS:** Individuals returning to their locality of origin from previous place of displacement. Please note, the returnee category, for the purpose of DTM data collection, is restricted to individuals who returned to the Location/Bairro of their habitual residence, or an adjacent area based on a free decision. Mozambique displaced persons having returned to districts of origin without having reached their locality of origin are still displaced and as such not counted in the returnee category.

**DISCLAIMER:** The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, endorsement or acceptance of such boundaries by IOM.

**URGENT NEEDS**

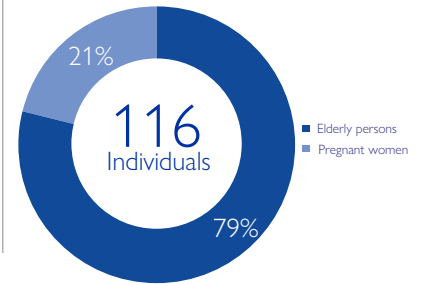

Urgent needs are calculated by weighting the total number of IDP arrivals in each group against the stated priority

**DEMOGRAPHIC PROFILE**

**VULNERABILITIES**

**DEPARTURES AT LOCALITY LEVEL**

District/Locality	Total number of households	Total number of individuals	Pregnant women	Elderly (60 years +)
Ancuabe				
Minheuene	56	281	12	10
Balama				
Mavala	80	369	12	82
<b>Grand Total</b>	<b>136</b>	<b>650</b>	<b>24</b>	<b>92</b>
