Alert Report: Meluco attacks No. 1/ 28 January - 02 February 2022

The objective of the Emergency Tracking Tool (ETT) - Movement Alert is to collect information on large and sudden population movements, and to provide support to the Government and the humanitarian community by disseminating data on IDPs for ensuring effective humanitarian response to the affected population. Information is collected through key informant interviews or direct observation. Findings reported below are indicative and represent movement trends observed in the reporting period. Movements remain dynamic within and across districts. Additional information can be shared upon request.

MOVEMENT ALERT

SUMMARY OF THE EVENT

Initial attacks in Meluco district by Non-State Armed Groups (NSAGs) were reported on 4 January 2022. Recent attacks in Muaguide posto - (Mitemba, Sitate, and Iba) triggered the movements of 6,005 individuals between 28 January - 2 February 2022. The arrival of displaced populations from Meluco within this reporting period have been mapped in Ancuabe (2,031 individuals), Metuge (1,056 individuals), Montepuez (1,215 individuals), Pemba (1,149 individuals), Chiure (547 Individuals), and Mecufi (7 individuals). ETT Teams deployed at strategic observation points across host communities and sites have cumulatively observed at least 9,381 individuals/2,659 households arriving from Meluco across southern districts of Northern Mozambique (4 January - 1 February). For further information on the needs and conditions faced by 1,283/2,659 households arriving in IOM CCCM managed sites of Ancuabe, Chiure, Montepuez and Metuge, please see *IOM CCCM New arrivals from Meluco 2022.*
