

## **Ukraine Response 2022**

Poland Site Profile Hala Kijowska Trade and Storage Center "Mlyny" Publication Date: 18 March 2022

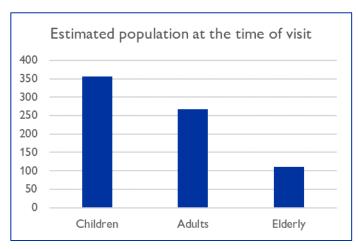

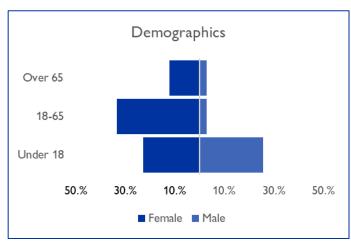

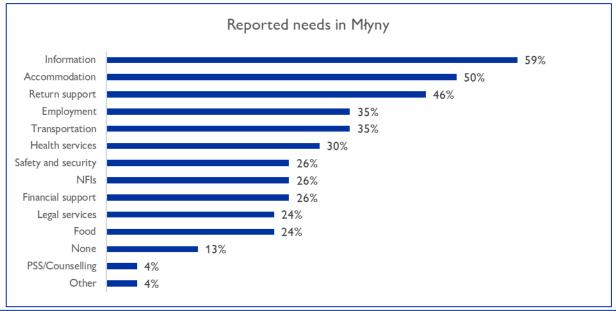

The Hala-Kijowska Trade and Storage Centre, also known as "Młyny", is a warehouse converted for use as a reception centre for refugees crossing the border from Ukraine. The site is located near to the Korczawa-Krakowiec border crossing point. Młyny provides basic services for refugees prior to their onward journey, including short-term accommodation, NFIs, food and health services.

The refugees passing through the site are predominately women and children, and while a high proportion indicated no immediate needs, a significant proportion did highlight the need for information and communication.

This profile is based on data collected from key informants and household surveys on the 16th and 18th March 2022.
